

International Journal on Recent Researches In Science, Engineering & Technology

A Journal Established in early 2000 as National journal and upgraded to International journal in 2013 and is in existence for the last 10 years. It is run by Retired Professors from NIT, Trichy.

It is an absolutely free (No processing charges, No publishing charges etc) Journal Indexed in DIIF and SJIF.

Design of Low Sensitivity analog filters

D. Ravindra

Abstract : Literature reported that the sensitivity of some important RC - active filter realizations are derived and compared. According to the application of ECG monitoring , among the different configuration the sensitivity filter is chosen with reference to experimental results . Practical realization is done for low - pass, high pass and notch filter or different Q and B and the results are checked . The circuits have zero sensitivity for resistors and capacitors .
